

PATIENT CONSENT

I am seeking laboratory testing services at Unilabs. By clicking the checkbox, I willingly provide my informed consent to undergo sample collection procedures and accept the services rendered by the laboratory, which are intended to deliver laboratory results on my provided samples.

I understand that the sample collection process may involve the collection of blood, urine, or other specimens necessary for diagnostic testing. I acknowledge that the samples collected will be used for laboratory analysis. I am aware that the sample collection procedure may result in minor complications such as Hematoma, bleeding, collection site pain, etc.

I hereby consent that relevant Unilabs staff may access my personal medical records for processing insurance claims, quality review, medico-legal auditing purposes.

I am aware that the results obtained from the laboratory tests will be used by the healthcare professionals involved.

I understand that the confidentiality and privacy of my personal health information will be maintained in accordance with applicable laws and regulations.

Prevailing UAE laws state that all detected cases of HIV/AIDS and Hepatitis must be reported to the Health Authorities. Legal procedures, including suspension from work and deportation can be taken against infected individuals.

I have been provided with the necessary information and understand that I have the right to ask for further clarification or seek additional information at any time. I am aware that I have the right to refuse or withdraw my consent for sample collection and laboratory testing, understanding that it may affect the ability to laboratory results.
